Reading... Give It A Shot! helped me by...

reading more and trying to do my best to read
as much as I can. I ended up finishing quite
a few books too. I learned tons of new words!
Thank you so much for organising this program!

Reading... Give It A Shot! helped me by...

Reading Give it a shot helped reach one
of my goals which was to read one
chapter book every month. I've already
passed my goal because its been
about two months and I've read
4 chapter books Yay.

Reading...Give It A Shot! helped me by...

Creating a picture in my mind when I was reading a book. That helped me to get inspiration from other books to give me advice to make my own book and illustration. Reading gave it a shot started to get me into my own creativity mood where anything can happen and I can think clearly. It also got me into reading novels and graphic novels and well anything even the Wikipedia and I all understand it. But most of all it helped me understand what some new words mean.

Reading...Give It A Shot! helped me by...

reading more often and made me realise that we should spend more time reading then watching tv or playing video games. Reading a book is so much better for your mind then watching tv. Also while reading you learn new words. Reading is great.

Reading...Give It A Shot! helped me by...

showing me how fun reading is and how many
new words you learn. My imagination grew as
I read every book. The words weren't just words
they were images being created in my mind.
Thank you for this amazing program
GO Flames GO!

Reading... Give It A Shot! helped me by...

Enhancing my vocabulary in french and english because usually the more you read the better your vocabulary becomes. Now I'm reading even more than I used to because each day ever since this started I read in between 50 to 300m. I'm going on my Ipad less because I'm so eager to read for this competition. It also helped me by reading for whenever I'm bored at home or at another person's house with nothing fun for kids. So now you see that it helped me by a few things. Thank you!

reading more because I did not read as much until reading Give It a Shot came along. If it was not for reading give it a shot I would not be reading as much as I am right now. Reading give it a shot inspired me to read more and every single day. I love reading now and I will still continue after the program is done. Reading is very fun and I will do my best to read every day and every single day because I can do this.

Reading... Give It A Shot! helped me by...

Reading more and understanding more about
reading. Gotta be honest I don't like counting
all the time I read but that helped
me in math. It encouraged me to
read because I could try to win
prizes. Everytime you read 100 minutes
you could get a Hockey card.
